Richard Marshall
Company Secretary

I bring 12 years of board governance experience, including serving as Chair of Professionals WA and Chair of Professionals Group Australia. In 2017 I joined the special committee that unified the state-based companies into a national entity. I was elected Vice Chair at inception and appointed Chair in 2021, leading the organisation through its formative years. I played a central role in negotiating the multi-state agreements that made the national company possible and stepped into an executive capacity during that time.

My international experience includes supporting the New Zealand board in commercial negotiations with Fiji and Papua New Guinea offices. Since 2007 I have specialised in commercial real estate and have owned and grown my business that now employs 25 staff, giving me strong commercial, strategic and business-network capabilities.

As Treasurer of Armadale Bowling Club I led a financial turnaround from near insolvency in 2023 to recognition as Bowls WA's 2025/26 Small Metro Club of the Year. I subsequently secured State and local government funding for green upgrades and clubhouse renovations, demonstrating practical finance, government-relations and community-leadership skills.

A WACA Member since 2008, I played 12 years with Kelmscott Senior Cricket Club (where I remain a major sponsor), coached juniors at Armadale Cricket Club for four years and continue as a major sponsor. This grassroots involvement underpins my deep passion for cricket and commitment to WA Cricket's strategic direction. I am equally committed to diversity, equity and inclusion so the Board better reflects our Membership and the communities we serve.

I've competed at nearly every level of cricket for over twenty years including 7 seasons as a fast bowler for WA. Since then, I have continued as a volunteer, state selector, bowling coach, WACA committee member and WACA Board member for the last three (3) years.

Given my varied voluntary, business and sporting background, I bring a strong cricket and sport management background as well as experience in member-based organisations.

It has been a very eventful last three years on the WACA Board.

- The positive leadership transition to new WACA Chair Gail McGowan and CEO John Stephenson.
- The transformative completion of the WACA Ground Improvement Project that provides improved member facilities and importantly solid streams of non-cricket income.

However, the next period still provides challenges to the WACA.

- The above project was not without many issues and now balance sheet repair is vital. We must maximise the cash flows from the new business opportunities the redevelopment has provided.
- The future of private equity and partial sales of Big Bash teams must get the board's full attention and any decisions taken can only be with the future of WA Cricket as the key measure.

During my term on the board, I have served on the very important Audit and Risk Committee as well as the Nominations, Remuneration and Governance Committee.

My board colleagues chose to elevate me to Deputy Chair of the WACA and hopefully you will also vote to support me for another term on the WA Cricket Board.

Peter Andrew Capes

Candidate

As a WACA Member since 2018, I bring a lifelong passion for cricket, played at state level in Punjab, India, before I made Australia my home in 2006. I proudly represent WA's CALD community, with lived experience that strengthens my ability to reflect our members' evolving diversity.

For over 15 years I have led CALD organisations, including four consecutive terms as the youngest President of the Sikh Gurdwara Perth, founder of the Ellenbrook Punjabi Council, and Chair of the organising committee for the inaugural WA Sikh Community Games. I have worked alongside the Deputy Premier on multicultural and social initiatives, and served as a Justice of the Peace since 2021, upholding fairness and civic responsibility.

Professionally, as a Chief Financial Officer, I bring rigorous governance, financial oversight and board-level leadership across corporate and not-for-profit sectors, with a track record of transparent, values-driven decision-making.

Having run for this Board last year, I return more determined, not deterred, understanding what members expect from their Directors: real advocacy, delivered consistently. I will champion practical improvements, including better member seating arrangements, and bold initiatives such as an annual T20 exhibition between IPL champions and BBL winners at Optus Stadium, elevating Perth's global cricket profile.

It would be an honour to serve as Director, bringing fresh insight, proven governance experience, and genuine commitment to a vibrant, inclusive future for WA Cricket.

Jarnail Singh
Candidate

With over 20 years in senior executive and non-executive roles, I bring strong financial governance, strategic and board leadership to the WACA Board.

As former CFO of the Rolf Group, an international motor vehicle distributor and retailer, and Partner at PwC, I have deep expertise in financial planning, budgeting, risk oversight and audit, addressing the Board's priority on Finance. I hold fellowships with CAANZ and the UK Institute of Directors.

I previously served as a Non-Executive Director of Petroneft Resources Plc, an Irish-listed oil company, and as Treasurer for the WA branch of the International Coaching Federation, plus advisory board roles with Specta, an international packaging manufacturer, and Emex Group, an international automotive parts group.

Through my executive coaching practice, Karri Tree Coaching, I work daily with leaders and business owners on strategy, leadership and team dynamics, skills I would bring to WA Cricket as it navigates the WACA Ground redevelopment.

I have lectured on business ethics at the New Economic School in Moscow and served on the Parents and Friends Committee at All Saints College, reflecting a commitment to community and integrity.

As a wheelchair user, I would bring a lived perspective on accessibility and inclusion to the Board's diversity objectives. While I have not played cricket at representative level, I bring a genuine passion for the game and a collaborative mindset to represent the membership.

I would welcome the opportunity to contribute my finance, governance and leadership experience to the Board at this important time for WA Cricket.
